NAVY ORDERED TO FULL QUOTA BY PRESIDENT

Twenty Thousand Men Are
Needed at Once to Man
Sea Fighters

GUARD REGIMENTS ARE TO GUARD INDUSTRIES

New Military Department is
Created With Gen. Wood
Commanding Officer

(Associated Press Telegram)
Washington, March 26.—Naval
recruiting officers throughout the
country under orders from President
Wilson today redoubled their efforts
to bring the navy up to its full
authorized strength of 87,000 enlisted
men.

Meantime, about 12 regiments of
National Guard troops in various
states were re-assembling to act as
national police in important districts.
Arrangements also were being
made to create on May 1 two new
military departments on the Atlantic
coast.

All three steps were in accordance
with orders issued yesterday by
the president to put the nation on
a war footing.

About 20,000 men will have to be
enrolled at once in order to bring
the navy up to the required strength.
The men will be used to man the
reserve ships.

The creation of the two new de-
partments was ordered as a means
of dividing the immense responsibility
now devolving upon the com-
mander and staff of the eastern de-
partment.

Major-General Leonard Wood,
now in command of the department
of the east, is transferred to the
newly created southeastern de-
partment, with headquarters at Char-
leston, S. C., and Major-General J.
Franklin Bell, in command of the
western department, is transferred
to the eastern division with head-
quarters at Governors Island, Ma-
jor-General Liggett, in command of
the department of the Philippines, is
transferred to the western de-
partment, with headquarters at San
Francisco and Brigadier General
Clarence R. Edwards, in command of
the department of the Panama can-
al, to the northern department,
with headquarters at Boston. Major
Generals Barry and Pershing will re-
tain command of the central and
southern departments, respectively.

National guard organizations will
be assigned to guard industrial
plants and other property, public or
private in their respective states, in
case of war.
President Wilson had an engage-
ment today to confer with Charles
J. Vopicka, American ambassador to
Rumania, Bulgaria and Serbia. He
also plans to confer with con-
gressional leaders during the week.
The president is seeing few callers now
in order to conserve his time for work
of preparedness.

PACIFIC COAST GUARD.
(Associated Press Telegram)
San Francisco, March 26.—Or-
ders have been issued for the mobi-
lization of National Guard Infantry
regiments one each in Oregon,
Washington, Idaho and Montana and
three in California immediately and
at full war strength, it was announ-
ced late last night at headquarters.

Mother Takes Life Because Sons May Have to Go to War; Body Found in South Fork

Despondent because she believed
her five sons might soon be called
upon to go to war, Mrs. Ellen Lough-
man, wife of W. S. Loughman, of 39
German street, left her bedroom Sat-
urday night after having bid her
family goodnight some time previous
and going to the Licking river, jumped
into the water and was drowned.
The swift current carried the body
below the Second street bridge, where it
was discovered Sunday about noon by
James Andrews who was walking along
the bank and saw a woman's back
protruding from the water. Her head
had caught in the roots of a fallen
tree. The young lad unassisted pulled
the body from the stream and then
went to the nearest house and tele-
phoned to Bradley's undertaking
parlors and the ambulance went to
the scene and brought the body to
the morgue where it was prepared
for burial and later taken to the
home of a daughter, Mrs. Fred Dil-
lon, 136 Elmwood avenue. Funeral
services will take place there Wed-
nesday.

Mrs. Loughman had worried a
great deal lately over the European
war and when she read that this
country might become embroiled in
war with Germany she became very
despondent and when one of her sons
employed at Canton, bid her goodbye

BAKER ORDERS TWO OHIO UNITS ON GUARD DUTY

Third and Sixth Regiments
Will Protect Railroads
and Industries

NOT YET MUSTERED OUT AFTER DUTY ON BORDER

Soldiers Are Under Orders
of General Barty of Cen-
tral Department

(Associated Press Telegram)
Columbus, March 26.—Governor
Cox this morning received orders
from Secretary of War Baker that
the Third and Sixth regiments, Ohio
National Guard which have not yet
been mustered out of the federal ser-
vice, shall be retained in the federal
service.

The Third and Sixth regiments are
now at middle-western army forts
and had expected to be mustered out
and return to their homes this week.
The Third regiment is from Dayton
and the Sixth from Toledo.

According to the notification re-
ceived by Governor Cox, these regi-
ments will be sent to places desig-
nated by the central department of
the army at Chicago. The Ohio
troops are to be used "in guarding
against possible interference with
postal, commercial and military
channels."

Following is the text of the no-
tification:
"Having in view the necessity of
affording a more perfect protection
against possible interference with
postal, commercial and military
channels and instrumentalities of
the United States in the state of
Ohio and being unable with the regu-
lar troops available at his com-
mand to insure the faithful execu-
tion of the laws of the Union in this
respect, the President has thought
proper to exercise the authority
vested in him by the constitution and

GERMANY WANTS CHANNEL PORT AND BELGIAN CONTROL

Berne, Switzerland, March 26.—"If
peace negotiations were begun to-
day," says the Journal de Geneve,
which does not reveal the source of
its information but declares it is ab-
solutely reliable, "Germany would of-
fer to restore the territory she occu-
pies in France, except in the mining
district of Briey, in exchange for a
channel port, Calais or Dunkirk, and
an indemnity of 15,000,000,000
francs."

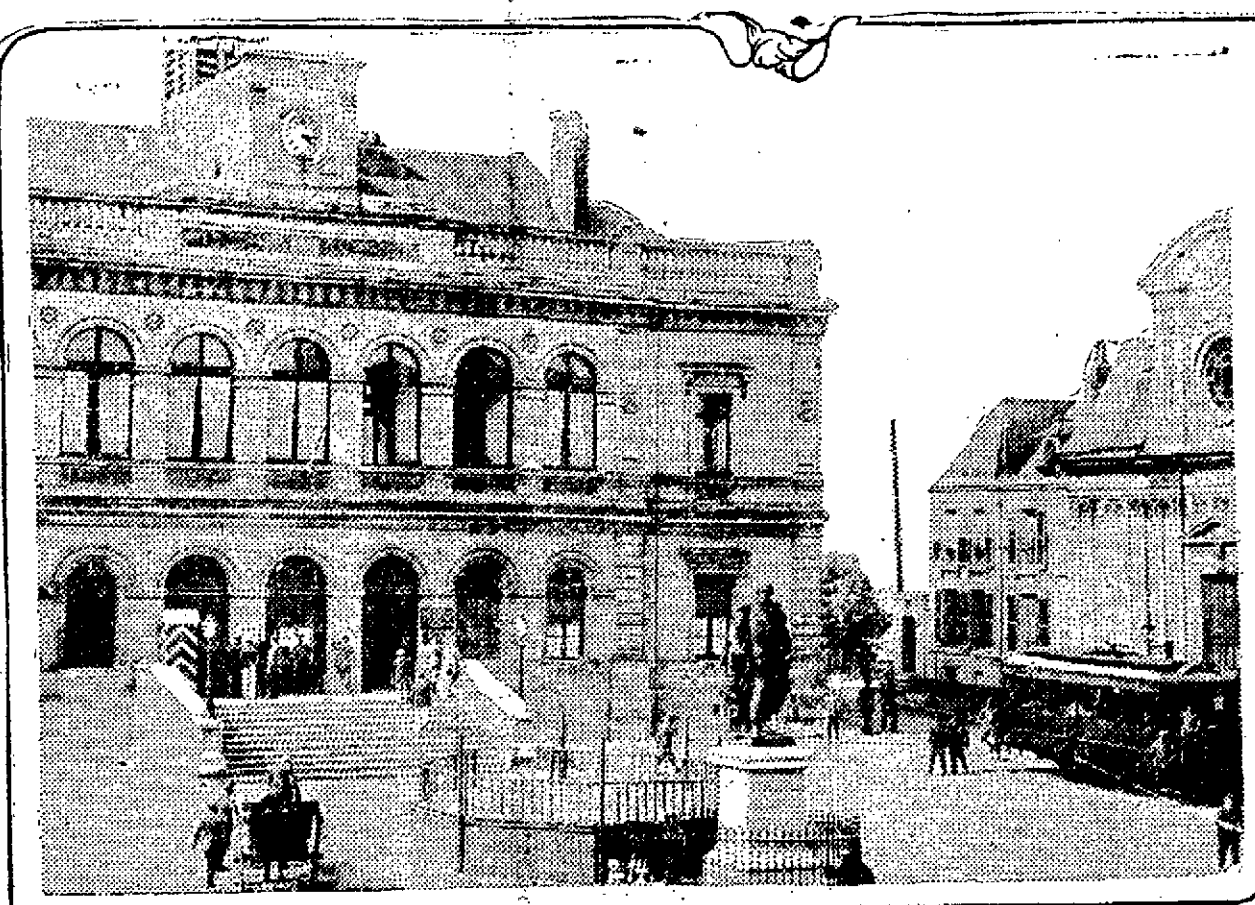

"Germany would also offer," says
the newspaper, "to restore the terri-
torial integrity and the sovereignty
of Belgium, on condition that Bel-
gium would not be allowed to main-
tain a national army and that Ger-
many would be permitted to garrison
Namur, Liege and Antwerp perpetu-
ally."

It is added to the newspapers that
Germany must be given control of
the Belgian railroads and ports and
be favorably treated in an economic
treaty. This is not the program of
Pan-Germans but the actual terms of
the German government, says The
Journal de Geneve.

Saturday, she remarked, "If you
have to go to war I will die." Nothing
was thought of the occurrence
and she retired with the family Sat-
urday night at the usual hour. Later
she was heard up about 11:30
o'clock and in the morning when
they missed her a search was in-
stituted as she had donned only her
house dress and threw a shawl over
her shoulders.
Coroner W. L. Jackson was called
and assisted in taking the body to
the morgue where it was later viewed
and an investigation made. He will
render a verdict and it will probably
be a verdict of death, due to temporary
derangement caused by despondency.
Mrs. Loughman is survived by her
husband, five sons and three daugh-
ters, Arthur, Bert, Homer, Carl and
Harvey, two of whom are employed
temporarily at Canton, O. Mrs. Della
Dillon of Elmwood avenue, Mrs.
Florence Shafer and Miss Francis
Loughman, also of this city. Mrs.
Loughman, Mrs. Asbury Willard and
two brothers are deceased.

The funeral will take place Wed-
nesday morning, the cortege leaving
the Dillon home in Elmwood avenue
at 9 o'clock for Mt. Carmel church
where services will be conducted by
Rev. Mr. Lamp. Interment in the
nearby cemetery.

GERMAN HEADQUARTERS IN LAON ON "HINDENBURG LINE"

French public building at Laon turned into a headquarters by Germans.
Laon is one of the four important French towns directly in the path of the advancing French and British.
The retreating Germans are now close to the strategic "Hindenburg line," running from Cambrai to St. Quentin,
La Fere and Laon. German soldiers are seen in the photograph. In the foreground stands the Sernier monu-
ment.

Your Country Is Calling

Washington, D. C., March 26, 1917

Editor Newark Advocate:

The President Saturday night signed an executive order direct-
ing that the authorized enlisted strength of the navy be in-
creased to 87,000. He was authorized by congress in case of
emergency to direct such increase in enlistment. Now ships and
ships in reserve are being fully commissioned as rapidly as pos-
sible and the need is imperative for a larger enlistment to man
them. There has been a net increase of over 6500 in enlistment
since congress recently authorized an increase, but many more
are needed, and needed now.

Will you not emphasize this need by giving special prominence
Monday on the first page of your paper, to the President's order
and also by making an editorial appeal for new recruits for the
navy?

The navy offers exceptional advantages to young men of stuff
and ambition to serve in the first line for National defense.
In this emergency you have the opportunity and the privilege of
performing this public service, and I am confidently appealing
to you for your cordial and helpful co-operation.

Josephus Daniels.

OHIO'S WAR CHEST OPENED BY SOLONS FOR GUARD EXPENSE

(Associated Press Telegram)
Columbus, March 26.—The
lower house of the legislature
this afternoon passed a bill of-
fered by Representative Liggett,
Republican of Logan county, ap-
propriating \$250,000 for the use
of the national guard, declaring
that the United States is on the
verge of war.

HINDENBURG THREAT DOES NOT ALARM THE PEOPLE OF RUSSIA

(Associated Press Telegram)
Petrograd, Sunday, March 25. Via
London, March 26.—The news that
Field Marshal Von Hindenburg was
planning a campaign against Petro-
grad was received at the capital with
surprisingly little consternation,
evoking rather a spirit of calm and
unshakable confidence in the loyalty
of the troops and the ability of the
army to protect the city from the
new danger. If German calculations
are based on the supposed demoraliza-
tion of the soldiers or more than
a transient defection of the troops
at the front from their usual disci-
pline and loyalty to their commander
these calculations are plainly in
error.

It is undeniable that during the
first days following the revolution
the extreme radical and socialist ele-
ment aimed at taking advantage of
the overthrow of the authority by
sowing further discontent among the
workmen and soldiers.
But the prompt measures taken
by the government and duma dele-
gations removed whatever danger lay
in that direction.

Telegrams have been received
from every portion of the front af-
firming that the army can be relied
upon to do its utmost to defend the
country.

FRENCH ADVANCE AGAIN.

(Associated Press Telegram)
Paris, March 26.—Notwithstanding
the bad weather and the difficult
state of the ground, the French con-
tinued last night to advance south
of the Oise. The war office an-
nounces that French patriots re-
ached Folembay, south of the forest of
Concy.

MANN WILL GIVE UP SPEAKERSHIP FIGHT FOR UNITY

(Associated Press Telegram)
Washington, March 26.—Re-
publican Leader Mann, upon his
return from Haiti today, said
he was willing to withdraw from
the race for the speakership in
the interest of unity if the
house could be organized on bi-
partisan or non-partisan lines.

INTERNED CREWS SENT UNDER GUARD TO GEORGIA FORTS

(Associated Press Telegram)
Philadelphia, March 26.—The 700
members of the crews of the Ger-
man auxiliary cruisers Krenprinz
Wilhelm and Prinz Eitel Friedrich
interned at the Philadelphia navy
yard since last October started today
under a heavy guard of marines for
Fort Mifflin and Fort Mifflin.
Further orders from Washington
will determine whether they will be kept
there or sent to Georgia.

GERMAN SPY GETS YEAR IN PRISON; ADMITTED GUILT

(Associated Press Telegram)
New York, March 26.—Sen-
tence of a year and a day in the
United States penitentiary at
Atlanta and a fine of \$1 was
passed in the federal court here
today on George Vaux Bacon,
American newspaper man, who
pleaded guilty to going to Eng-
land as a spy for Germany.

GERMANS DRIVEN BACK.

(Associated Press Telegram)
Petrograd, March 26. Via Lon-
don.—British admiralty per wireless
press. After the discharge of four
gas shells the Germans yesterday
attempted to make an advance near
Postav on the northern part of the
Russian front below Dvinsk. The war
office announces that the Germans
were repelled.

FRENCH RETAIN KEY TO DEFENSE OF ST. QUENTIN

(Associated Press Telegram)
New York, March 26.—Desperate
resistance is being made by the Ger-
mans to the slashing attack of the
French upon the defense of St. Quen-
tin. Heavy counter-attacks are re-
ported but Paris declares General
Neville's troops have held all the
ground won, the positions captured
on Sunday being maintained.

Apparently this means that the
Germans have lost the strong key
position at Essigny, four and a half
miles south of St. Quentin, which is
essential to the protection of St.
Quentin on the south. Military crit-
ics have pointed to the probability
of the German wing in this sector
being forced back to the Oise if this
position, which the French captured
yesterday was not regained by the
Germans.

In view of the verified reports
from Petrograd that the Germans
have been concentrating heavily for
a drive towards Petrograd, interest
attaches to the announcement by the
Russian war office today of a Ger-
man attack on the Russian line be-
low Dvinsk. The Russians are con-
tinuing their successes against the
Turks in the campaign waged jointly
by Russian and British forces to
the north and northeast of Bagdad.

Apparently the intention is to
drive in behind the British up the
Tigris in the direction of Mosul. The
Russians advancing westward from
Mosul, are already in the Vilayet of
Mosul, Petrograd advises state. This
vilayet extends to the Persian border
on the east and the Russian
forces probably still have a consider-
able distance to traverse before they
strike the Tigris and the Turkish
line of communications.

Sinking of 80,000 additional tons
of shipping during the past few days
by submarines is announced by the
German admiral. The list of vessels
sent to the bottom includes 25
steamers, 14 sailing vessels, and 37
trawlers. Among the steamers listed
as destroyed is the British hos-
pital ship Astrus of 12,000 tons and
two American steamers, the Illinois
and City of Memphis, previously an-
nounced as sunk.

According to the French war of-
fice the French troops have pushed
forward over a front of about two
and a half miles south and southwest
of St. Quentin, the new positions
taking in the town of Castres, three
miles southwest, and Essigny-Le-
Grand, four miles south of St. Quen-
tin. Gains also were made south of
the Oise and north of Soissons.

Berlin admits the retirement of
the German "according to orders,"
before the British between Beaumont
and Rosel, northeast of Peronne,
but says the Germans repulsed
French attacks northeast of Soissons.
There has been considerable fight-
ing in the air. The Berlin war of-
fice reports the loss of 17 airplanes by
the French and British, while Lon-
don reports eight German machines
were driven down out of control, but
admits that four British machines
failed to return to their base.

Many Provisions Of Treaty Ignored By Germany's Acts

United States Seriously Considering Whether
Kaiser's Conduct Has Not Abrogated These
Treaty Agreements, Says Lansing's
Note to Imperial Government

REFUSES OFFER OF OF GERMAN PROTOCOL

American Government Will Not Extend or Reaffirm
These Treaties Under No Circumstances and Could
Not Accept Germany's Pledge to Observe Them in
the Future—Lansing Declares it is Unjust to Ask
America to Observe Treaties While Germany Con-
tinues to Disregard Them Upon Every Opportunity

(Associated Press Telegram)
Washington, March 26.—Ger-
many's "clear violations" of the
treaties of 1799 and 1820 and her
"disregard of the canons of inter-
national courtesy" were assigned by
the United States as reasons for re-
fusal to reaffirm or extend these
agreements.
The note of refusal to Germany
transmitted through Dr. Paul Ritter,
the Swiss minister, was made public
today by the state department and
discloses that this government "is
seriously considering" whether Ger-
many's conduct has not in effect ab-
rogated these treaties.

The note says:
"In view of the clear violations by
the German authorities of the plain
terms of the treaties in question, sol-
emnly concluded on the mutual un-
derstanding that the obligations
thereunder would be faithfully kept,
in view of the disregard of the can-
ons of international courtesy and
the comity of nations in the treat-
ment of innocent American citizens
in Germany, the government of the
United States cannot perceive any
advantages which would flow from
further agreements, even though
they were merely declaratory of in-
ternational law, entered into with
the imperial German government in
regard to the meaning of any of the
articles of these treaties or as sup-
plementary to them. In these cir-
cumstances, therefore, the govern-
ment of the United States declines
to enter into the special protocol pro-
posed by the imperial government
considering the note
"whether or not the treaty of 1828
and the revised articles of the
treaties of 1799 and 1820 have not
been in effect abrogated by the Ger-
man governments' flagrant violations
of their provisions, for it would be
manifestly unjust and inequitable
to require one party to an agreement
to observe its stipulations and to
submit the other party to disregard
them." It would appear that the
mutuality of the undertaking has
been destroyed by the conduct of the
German authorities."

ARMED AMERICAN LINER MAKES SAFE JOURNEY OVER SEA

(Associated Press Telegram)
Washington, March 26.—The
American liner St. Louis, first
armed American ship to cross
the Atlantic has arrived safely
at her destination, Secretary
Daniels announced today. In-
formation as to the arrival of
the steamer came to the navy
department from the offices of
the American Line in New York.
The company wished to make
known the fact to relieve the
anxiety of those having relatives
or friends on the vessel. Sec-
retary Daniels approved such
action.

CARRIED 145 AMERICANS

(Associated Press Telegram)
New York, March 26.—The
St. Louis, owned by the Amer-
ican Line, left an American
port on March 17 with 31 pas-
sengers, of whom 14 were
American citizens. Among her
crew of 394 persons were 131
Americans.

No details of the trip were
given in the company's report.

ALL SET FOR BIG OPENING OF "Dress-Up" Week; Whistle Starts Red Fire and Band

The delayed program, inaugura-
ting "dress-up" week, will be carried
out in full tonight, according to an-
nouncement made at Chamber of
Commerce headquarters and every-
thing pointing to a successful con-
clusion of plans which were rudely up-
set last Friday night when the
weather man saw fit to send a deluge
of rain.

At 7:00 o'clock the big siren on
the R. & O. power house will sound
the signal which will set the lights
flashing in the big "Newark Wel-
comes You" sign on the Trust public
square and give the word "Go" to
the Buckeye band which has been
secured to live up to the occasion with
its splendid music.

This morning the big 1917 Buick
car from the Spellman garage, bear-
ing advertising banners and a big
American flag, occupied by drum-
mers and buglers invaded the west-
ern and northwestern part of the

city announcing the big event in
Newark. Tomorrow the same car
will make a trip to the southern
part of the county, covering territory
reached by good roads.
This afternoon, another big car,
occupied by buglers and two young
women dressed as "Miss Newark"
and "Miss Spring" will go through
the business and residential districts
heralding the big event for the ben-
efit of the busy housewives.
Every merchant in the business
district has co-operated with the
plans of the committee and to-
night many of them will give elab-
orate demonstrations either in their
stores or display windows. Living
models will display the spring
styles and this feature is sure to at-
tract most every woman in town.
All these plans were made for last
Friday night but the weather pre-
vented their execution. Today the
weather man has been more kind
and better conditions could not be
asked.

WOMAN SICK TWO YEARS

Could Do No Work. Now Strong as a Man.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. J. O'BRYAN, 1755 Newport Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

Do you really clean your teeth?

Tonight, after you brush your teeth, examine them closely. What will you find?

In all probability an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice does not REALLY CLEAN!

Loss of teeth is usually caused by Pyorrhea or by decay. Both usually develop only in the mouth where germs develop and fester.

SENRECO, a dentist's formula, REALLY CLEANS. It emulsifies specially prepared, soluble granules unusually effective in cleaning away food deposits. It is particularly destructive to the germ of Pyorrhea. Yet it is perfectly SAFE, containing neither injurious chemicals nor hard grit.

SENRECO IN LARGE TUBES, 25c. Send 4c. to SENRECO, Fourth and Vine Sts., Cincinnati, for good-sized trial package.

TERRIBLE SHOOTING PAINS IN THE BACK

Lame Muscles, Stiff, Sore Joints Vanish When Cause Is Removed

"A rheumatic treatment to be successful," says Dr. S. Whitchall, of South Bend, Ind., "must seek to remove the cause, and the symptoms then will quickly disappear."

Dr. Whitchall has been a very successful specialist in rheumatism for many years, and the formula he perfected 26 years ago is still employed today with just as good results as ever. This excellent preparation is known as Dr. Whitchall's Rheumatic Remedy.

This remedy is said to be efficacious in nearly every form of rheumatism, and people suffering with stiff, painful, swollen joints or muscles, or constant and severe shooting pains, should get a package of this remedy and use it faithfully according to the simple directions. As splendid results invariably follow very soon.

Dr. Whitchall's Rheumatic Remedy can be had at any drug store now for only 50c a package.

SUBMARINE EVERY TEN MILES AROUND ALLIED COAST LINE

[Associated Press Correspondence] Madrid, March 22.—An elaborate organization, by which a far flung cordon of German submarines, stretching around the Spanish and Portuguese coasts, which has been maintained in provisions and supplies, has been uncovered by the Spanish authorities. A rigid censorship has been established but it is known that at least four men have been arrested, one of whom was supposed to have been an American but later proved to be a German. It was reported that other suspects hailed from the United States but this was later shown to be due to the fact that they had used many aliases and had found American names to be most useful.

A most ingenious method was used in getting the supplies and provisions to the submarines. Lines of automobiles were run from Madrid to certain coast points, in order to avoid the regular train service. At designated points, floating depots were established beyond the limits of Spanish waters. These depots consisted of a series of small, stout wooden floats about the size of a fisherman's dory. Each float formed a good sized receptacle, securely built to protect the contents against water. Under cover of night small boats left these floats with provisions of all kinds, grease and fuel oil and any other articles required by the submarines.

A coast guard patrol boat discovered one of these depots as a number of men were busy restocking it from some of the small sailing craft used by the coast fishermen. The coast guards used their revolvers and captured several prisoners as well as a large quantity of supplies.

Later investigation showed that one or more members of the coast guard itself was implicated. Information gathered by the Spanish secret police and naval and port officials tallies with reports by travelers from Berlin as to the number of submarines employed in the German patrol. According to this information the peninsula cordon is a link in a great chain stretching from the Baltic to the Mediterranean, one submarine being allowed to every ten miles. Each of the under-sea boats is supposed to be able to sail ten miles in an hour and thus keep in close touch with its neighbors in the line.

The Spanish ministry of marine permitted the news of the first four arrests to be made public but since then absolute secrecy has been observed in official quarters in regard to the entire affair, although a number of suspects are known to be under surveillance.

NAVY ORDERED TO FULL QUOTA BY PRESIDENT

(Continued From Page 1) here of the western department of the army.

The mobilization, it was stated, would be similar to that followed recently when the state troops were called out for duty on the border, except that, at present, only infantry organizations will be affected.

ILLINOIS GETS ORDERS. [Associated Press Telegram] Springfield, Ill., March 24.—Governor Frank O. Lowden, early this morning received a message from Washington ordering out three infantry regiments, Illinois National Guard. The mobilization order will go out later in the day, it was said at the adjutant general's office.

JUST MUSTERED OUT. [Associated Press Telegram] Des Moines, Iowa, March 26.—Orders for the mobilization of the First Iowa Infantry, recently back from the Mexican border, were issued early today from the adjutant general's office. The regiment is to assemble at once in compliance with orders received by Governor Harding from the war department.

CALL OHIO NAVAL MILITIA. [Associated Press Telegram] Columbus, March 26.—That the Ohio naval militia, with one company at Toledo and another at Cleveland, is to be called into the federal service, as indicated by a telegram received today from the naval department at Washington by Captain J. H. Nicholas, of the adjutant general's office.

Captain Nicholas, who is now distributing orders was directed to see to it at once that the naval militia was fully equipped, and to take up with the railroads the necessary arrangement for a possible movement of the militia to some point of mobilization.

The strength of Ohio's naval militia Saturday was 26 officers and 622 men. Two companies are being recruited so rapidly that it is predicted that the strength will be around 1,000 within two days.

PRESIDENT WILLARD TO ASK FEDERAL CONTROL OF ALL U. S. RAILROADS

Baltimore, March 26. Anonymous sources in the Baltimore and Ohio Railroad office that Frank Willard, president of the company, will appear before the Newlands committee in Congress this week and urge federalization of railroads. By this, it was explained, he will advocate government regulation to the exclusion of controlling state laws.

It was stated that Mr. Willard feels that by having state powers these and of the state health authorities freight and passenger hauling would be simplified.

Owing to the very high price of goods and small profits in selling and handling merchandise, on and after the first of April, the Grocers of Newark are compelled to give up the treat system. It looks like a small item but taking it as a whole it amounts to quite a sum. One of our grocers estimated his cost for one month finding it to be \$32—enough to pay his rent. It is also unjust to the cash customer. Hoping the public will consider this matter in the right and just way, we remain Your servants.

MANY PROVISIONS OF TREATY IGNORED BY GERMANY'S ACTS

(Continued From Page 1) contraband, if the master of the vessel stopped will deliver out the goods supposed to be of a contraband nature, he shall be permitted to do it, and the vessel shall not in that case be carried into any port or further detained but shall be allowed to proceed on her voyage.

"In addition to the sinking of American vessels, foreign mercantile vessels carrying American citizens and American property have been sunk by German submarines, without warning and without any adequate security for the safety of the persons on board or compensation for the destruction of the property by such action, notwithstanding the solemn engagements of article fifteen of the treaty of 1793 that 'all persons belonging to any vessels of war, public or private, who shall molest or insult in any manner whatever the people, vessel or effects of the other party, shall be responsible in their persons and property for damage and interests, sufficient security for which shall be given by all commanders of private armed vessels before they are commissioned' and notwithstanding the further stipulation of article twelve of the treaty of 1785 that 'the free intercourse and commerce of the subjects of citizens of the party remaining neutral with the belligerent powers shall not be interrupted.'

"Disregarding these obligations the German government has proclaimed certain zones of the high seas in which it declares without reservation that all ships, including those of neutrals, will be sunk and in those zones German submarines have, in fact, in accordance with this declaration ruthlessly sunk merchant vessels and jeopardized or destroyed the lives of American citizens aboard.

"Moreover since the severance of relations between the United States and Germany, certain American citizens in Germany have been prevented from removing from the country. While this is not a violation of the terms of the treaties mentioned, it is a disregard of the reciprocal liberty of intercourse between the two countries in time of peace and cannot be taken otherwise than as an indication of the purposes on part of the German government to disregard in the event of war the similar liberty of action provided for in article twenty-three of the treaty of 1799—the very article which it is now proposed to interpret and supplement almost wholly in the interests of the large number of German subjects residing in the United States government. This article provides in effect that merchants of either country residing in the other shall be allowed a stated time in which to remain to settle their affairs and to depart freely, carrying off all their effects without molestation or hindrance and women and children, artisans and certain others may continue their respective employments and shall not be molested in their persons or property. It is now proposed by the Imperial German government to enlarge the scope of this article so as to grant the German subjects and German property remaining in the United States in time of war the same treatment in many respects as that enjoyed by neutral subjects and neutral property in the United States."

To Build Up—After Grippe, Colds—Bad Blood

Take a blood cleanser and alternative that starts the liver and stomach into vigorous action, called Dr. Pierce's Golden Medical Discovery because of one of its principal ingredients—the Golden Seal plant. It assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and listless. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the eliminative organs, and in a few days you will know that the bad blood is passing out, and new, rich, true blood is filling your veins and arteries.

HUNDREDS WILL TESTIFY RIGHT HERE IN OHIO.

Springfield, Ohio.—"I used 'Golden Medical Discovery' as a tonic and blood-cleansing medicine. I was run-down to that I weighed 15 lbs. less than I did. I was tired-out and suffering. I began to build up and get stronger and I now have my usual weight and strength back again."—MISS CLAUD HAINES, 17 No. Shaffer St.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last 40 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

PRESS CENSORSHIP IS ESTABLISHED BY NEW REGULATIONS

[Associated Press Telegram] Washington, March 26.—Regulations for the guidance of the press of the United States in handling news in the present emergency, framed by officials of the state, war and navy departments and accepted by representatives of the principal press associations, were made public. The regulations are as follows:

"In view of the desire of the country to refrain from the publication of information harmful to the public interest, and with the intention of securing the maximum publicity, with the least injury thereto, the following regulations are hereby issued for its guidance which, it is earnestly requested, be closely observed:

"1. No information, reports or rumors should be published which tend to disclose the military and naval policies of the government of the United States.

"This regulation is directed against the publication of any news or comment which reveal the strategic disposition or operation of armies or their sub-divisions or the fleet or its sub-divisions; any measures which might be adopted in consonance with the department of state for the furtherance of American defense and, in general, any plans for the use of the army and navy during the existence of a national emergency."

"2. No information, reports or rumors should be published which tend to disclose: (a) Movement or employment of armies and their sub-divisions, fleets and their sub-divisions. (b) Movements of vessels of the navy or their arrival at or departure from any port. (c) Departures of merchant vessels should not be mentioned and it is desired that the name of the port of arrival be omitted. (d) Assignment or movement, whether as groups or individuals, of officers and men of the military and naval establishments. (e) Transportation of mails, supplies or munitions. (f) Information of any design, invention, or test thereof, or of manufacturer, transport or distribution of implements of war. (g) Concentration of military or naval supplies or location of such supplies; (h) Activities in or about arsenals, fortifications, army posts, naval magazines, navy yards, naval bases and radio stations.

"3. Publication of any maps, diagrams or photographs which in any way might seem of military or naval value.

"4. No moving pictures should be displayed which are of military or naval value.

"5. Any doubtful matter should be submitted to the authorized representatives of the department concerned, who shall give an immediate decision thereon and keep the inquiry made strictly confidential.

"6. It is requested that no information, reports or rumors attributing a policy to the government in any international situation, not authorized by the President or a member of the cabinet, be published without first consulting the department of state.

"Note.—The above regulations shall not be enforced in any matters officially given to the press by properly authorized officials."

BAKER ORDERS TWO OHIO UNITS ON GUARD DUTY

(Continued From Page 1) laws and to call out the National Guard necessary for the purpose.

"I am inconsequence instructed by the President to call into the service of the United States forthwith through you the following units of the National Guard of the state of Ohio which the President desires shall be assembled at the places to be assigned to you by the commanding general, central department, Chicago, Ills., and which the commanding general has been directed to communicate to you—Third and Sixth regiments, Ohio Infantry National Guard. The organizations designated at his call are now in the federal service and are to be retained therein.

(Signed) "Baker, Secretary of War."

Both the Third and Sixth regiments, Ohio National Guard, are now at Fort Riley, Kansas, where they went from the Mexican border to be mustered out of the federal service.

Army men here interpreted the order to mean that the first duty of the Ohio troops will be in their home state and will include protecting railroads, bridges and arsenals.

The order, indicating a probable call for the Ohio naval militia came to Captain Joseph H. Nicholas, disbursing officer for the United States navy of Ohio. It ordered him on special duty at once, directing that the naval militia, which has two companies, one at Toledo and the other at Cleveland, be fully equipped and that necessary transportation arrangements be made.

Anticipating a call, the naval militia has been recruiting, Saturday it had a total strength of 26 officers and 422 men. Captain Anthony F. Nichols, commander of the Toledo company, and Captain Edward J. Kelly the Cleveland company.

FIND BODY OF AMERICAN PILOT WITH FRENCH ARMY

Paris, March 24.—The body of Sergeant J. R. McConnell, the American aviator who was killed last week in an engagement with two German machines, has been found by French cavalry.

With the body was the wreckage of McConnell's machine. It was found in the devastated zone of the German retreat. The identification was delayed, it is stated, as McConnell's papers and other articles that would have served to identify him had been removed.

ALHAMBRA.
Tonight and Tomorrow.
According to reports there is only one artist on the scene who can successfully wear some of the quaint costumes of the period of the civil war, and that is the charming Blanche Sweet who will be seen at the Alhambra tonight and tomorrow in "Those Without Sin." In the old fashioned mitts, odd little bonnets and hoop skirts, Miss Sweet is perfectly at home.

Wednesday and Thursday.
The Alhambra theater has secured for showing on Wednesday and Thursday "A Square Deal" in which are seen Carlyle Blackwell and June Elvidge and a notable cast including Henry Hull and Muriel Ostriche. "A Square Deal" tells a particularly entertaining story of Bohemian life. The scene is laid in McDougall street, the famous little thoroughfare in the heart of New York City where so many famous authors and artists have their homes.

AUDITORIUM.
"September Morning Glories."
The attraction at the Auditorium today will be J. M. Weingarten's "September Morning Glories." This clever musical comedy will probably be greeted by a large house, it is an organization of really clever comedians, singers and dancers who appear to be divided advantage in a concoction of all that goes to make an enjoyable entertainment. The comedy of the sketches is the dominating characteristic. It is funny to the apoplectic point, yet is all so decidedly clever and rational, having at no time to resort to the cheap trap-door frequently encountered in works of this kind. said a recent critic. There is good reason to suppose that the cleverly constructed "September Morning Glories" and no normal person can resist the urge of Weingarten personally directed the staging of this season's production and stakes his reputation as a showman to give the public what they really want in the advanced type or modernized burlesque, he spared neither time nor money to make the 1916 "September Morning Glories" absolutely unparalleled in this field of amusement. The music of the piece is said to be unsurpassed, it runs nearly all in the popular vein, rippling, melodious and catchy—yet it possesses the merit of being good music from the musicians point of view. These essential elements of a delightful performance are conspicuously present in "September Morning Glories," and their charms are accentuated by a lavish array of unusually beautiful scenery, stunning costumes and electrical effects, the flying eagle being a decided novelty. Seats selling rapidly.

"Stop! Look! Listen!"
Charles Dillingham's production of Irving Berlin's latest musical comedy success, "Stop! Look! Listen!" will be the attraction at the Auditorium tomorrow night.

When Irving Berlin's name is mentioned one thinks of rag time and in "Stop! Look! Listen!" he is at his raggiest. There is just enough plot in the play to make it interesting, some very clever lines which are made the most of by whoever has them good music, singing, dancing and foolishness and full of snap and go from start to finish.

The leading part—that of Abel Connor, the press agent—is taken by Al White, one of the cleverest comedians of the day. No less in importance is Leonora Thompson, who plays the role of Violette, the chorus girl who becomes a star. She is not only attractive to look at, but she can sing and dance.

Bobby Harrington, as Van Court-

a three-ring circus. "A World of Pleasure," one of the latest and greatest of the New York Winter Garden colossal entertainments, is due to reach this city on next Wednesday, with both a matinee and evening show, with a company of over 125 people, a special train of eleven Pullman and baggage cars, two huge glittering acts, and nine stupendous scenes, it bids fair to be the most important event of this city's theatricals, and its engagement here will be a gala affair. In "A World of Pleas-

ably by the special metropolitan orchestra under the able direction of Mr. Samuel Lehman, one of the Winter Garden's most noted conductors. Scenically, there is nothing of less to be asked for in "A World of Pleasure." Divided in two huge acts, there are nine colossal scenes, each surpassing the other in beauty and color. Seats went on sale this morning.

"Ikey and Abey."
It is so unusual a thing for every newspaper critic in Chicago to agree

land Parke, does some very good singing in "The Girl on the Magazine" and "When I Get Back to the U. S. A." George M. Smith, who plays Gideon Gay, and Mary Ambrose, as Ma Singer, do some exceptionally good work. Alton and Abey are one of the many features of the performance. They are encored again and again when they sing "A Fair of Ordinary Coons" and "The Village Sheriff." Their dancing is above the average. The chorus consists of a score of pretty girls who know how to sing and dance. The costumes are gorgeous and the scenery, which is changed seven times, is excellent. Seats are selling rapidly and a capacity house is looked for.

"A World of Pleasure."
Possessing almost the magnitude of

ure" the Winter Garden producers have outdone all their previous efforts. No expense care or time has been spared in making it the last word in musical comedy perfection. There are stars galore, each one seemingly more fitted than the other to entertain.

There are two score of musical number contributing their full share of pleasure to the audience. Each and every number is of the jingly, whistly, variety, while one in particular, "Pretty Baby" is of such an irresistible nature that the singers have to refuse encores and the audience leave the theater after the performance whistling it.

This music is rendered most agree-

unanimously with his brothers as to the merits, the delights and the artfulness of a farce comedy that the fact that this rare avis occurred in the instance of the first performance of "Ikey and Abey" that it should be loudly bawled forth, but when such a newspaper as the Chicago Examiner reviews the play a second time, after its third performance, it must indeed be a play of far more than ordinary attraction. Not only did the Examiner do this, but printed the following headline in connection with its criticism:

"Ikey and Abey" lures critics to Princess theater. Charmed by dazzling colors. First nighters see show a second time. Many who were not

STIRRING EVENTS.
Events of great consequence are coming so rapidly these days that the people are taking things as a matter of course and are paying less attention to the rapid succession of stirring affairs than they would in ordinary times to any single event of importance.

Look back only a few days. We see the almost bloodless revolution that completely changes conditions in Russia, the adjustment of the railroad trouble that threatened to paralyze American industry at the very moment we are entering the great war, the supreme court's decision upholding the constitutionality of the Adamson eight-hour law, the sinking of four American vessels by German submarines with the loss of American lives, the evidence of trouble within the German empire, the retreat of the Kaiser's forces, the increasing strength of the Allied forces, the negotiation of a great loan to France, the calling of congress in extra session, the preparations by the United States for war—all of these events are matters of the greatest interest and yet here in Ohio people are viewing the situation calmly and in many instances with an apparent air of indifference.

Henry Clews in his weekly summary points out the fact that Turkey is practically beaten, Austria is the most important, Germany is retreating, and he declares that the Kaiser's submarine and Zeppelin methods of warfare are a practical failure. Great Britain is at the zenith of her power, Russia has been invigorated by the revolution, the French spirit is stronger than ever and Italy too seems to have taken on new energy. Mr. Clews thinks that Germany may be able to maintain the struggle longer than expected but only at the cost of more serious consequences to herself and the entry of the United States into the war will certainly hasten the end.

BEHIND THE PRESIDENT.
Organized labor of Newark through its assembly in session yesterday unanimously adopted resolutions endorsing the action of President Gompers in tendering the services of labor to the president of the United States in denouncing the un-American action taken by a Toledo body recently in upholding the position taken by Congressman Sherwood. The Newark resolutions in strong, patriotic language declare that the working men of this community approve of President Wilson's course in upholding the honor of the greatest country the world has ever seen.

YOUR COUNTRY CALLS.
Upon the first page of today's Advocate appears a patriotic appeal from the secretary of the navy showing the need for further enlistment. Secretary Daniels appeals to this newspaper to bring to the attention of young men the urgent need and the advantage to young men of ambition to serve in the first line for national defense. The country is calling for volunteers and the response will be immediate.

"HOLLERING."
The man who has a thing to sell, and who sells it well, will never get so many dollars. As the one that climbs a tree and hollers!

The foregoing little ditty is homely, but it conveys about as much business truth as was ever put together in a sentence of 30 words. It is according to human nature, that the more publicity a thing has,

the more interest it excites in the mind of the people.

You can't promote any kind of enterprise without pushing it, and telling people about it. If you give an entertainment in a public hall, and merely open the doors relying on word of mouth, to spread the news, you will get a handful of people. It is nobody's business to spread the news about it, and the great bulk of the people never hear about it.

Moreover people may hear about it, but if a thing is not pushed and advertised, they get the idea into their heads that it is not of much account. Anything has to be created a certain amount of noise and stir before people will believe it amounts to anything or is worth their attention.

The same thing applies equally to a business enterprise. If it isn't advertised and pushed and talked about in the newspapers, people will say that it is a one horse concern, doing a small business, that can't afford to send money on publicity, or they will argue that the concern lacks confidence in its proposition. People will walk right by the place day after day and never look in the windows.

The moment a place begins to advertise, that moment people begin to wake up about it. "Guess Z must be doing some business the way he pushes it," they say and they come around to see what is going on.

CLEAN-UP WEEK.
Mayor Bigbee's proclamation fixes April 2 to 7 as Newark's clean-up week. The Chamber of Commerce, the Health department, the Service and Safety department join in calling upon the people to observe this call. Let's clean house from cellar to garret and pay particular attention to the back yards and alleys. Better health, greater safety, increased pride in our city, a more favorable impression upon visitors will follow.

The recent announcement from Washington that the Federal Trade Commission had fixed a price of 2 1/2 cents a pound for newspaper, correct in part. The commission declared that 2 1/2 cents is a fair price but the trouble is nobody can be found who will sell it at that price, or anything approaching it. The Advocate is today paying more than twice as much for paper as it did six months ago and there seems to be no relief in sight.

Senator Stone, whose worst offense was in not opposing the armed neutrality bill but in exposing on the floor of the Senate one of the navy's plans for dealing with the submarine menace, says he is getting madder and madder in his course. That is no doubt true but "Gumshoe Bill" ought to tell us who translated them for him.

The Newark barbers announce a new schedule of prices effective April 2. We note an increase in the charge for shaving the head, but it's all right with us. We've had many a close shave but never a head shave.

Charlie Chaplin gets \$750,000 a year and the average teacher of our schools about \$750, and yet some people wonder why the coming generation doesn't know any more.

The American boat Healdton was sunk without warning while she was within the safety zone. What excuse can be offered for that?

The concerns who sell porous plasters for lame back view the starting of so many back yard gardens with some equanimity.

The people would feel worse about the shortage of free seeds if they had more confidence that government seeds would come up.

According to the German official bulletins, the farther they retreat the bigger victory they win.

If you have an American flag hang it out where people can see it. If you haven't one, get one.

GIVE \$1,000,000,000 TO FRANCE
(New York World.)
In urging that the United States Government by act of Congress, should give \$1,000,000,000 to France, The World is well aware that a thousand million dollars is a large sum of money, but it is not a large sum of money as war expenditures go in this struggle of democracy against autocracy.

This country could easily waste \$1,000,000,000 in war without the accomplishment of a single impor-

tant military result, and that is what it is certain to do unless it devotes its resources to supplying the deficiencies of the Allies.

Men talk glibly about sending an army of 500,000 men or 1,000,000 men or 2,000,000 men to Europe without the faintest realization of the military folly of such an undertaking. If we tried it we should be helping Germany, not the Allies. There are not ships enough available to transport even the minimum force that these enthusiasts name, or to provision such a force after it was landed in France. While we were sending troops we should be starving the French and British, and thereby aiding the work of the German submarines. We should be doing for German Frightfulness what it has not been able to do for itself.

What the United States must do first in this war is to mobilize its economic resources against Germany. Lloyd George once said that the war might be won with the last \$500,000,000. We have it, and many times \$500,000,000. We cannot send an army to France except a comparatively small force of regulars who should be sent there for sentimental reasons; but we can provide the money, the credits, the food and the supplies that are vital to the armies of the Allies, and we can employ the last ounce of our naval power in keeping the ocean thoroughfares open to the ships that feed and equip the forces in the trenches.

France needs our help, and the help that France needs most of all is financial. No other \$1,000,000,000 which the United States Government could expend as a belligerent would produce such military results as the outright gift of this money to the French people. No other \$1,000,000,000 would go so far toward ending the war and establishing peace in Europe.

THE LAST STRAW.
(Philadelphia Record.)

Germany has already given the United States ample cause for going to war in behalf of the rights of its citizens, but if complete justification for so momentous a step were lacking it surely would be furnished by the sinking of the American oil tanker Healdton, with the loss of a number of American lives. To appreciate the full infamy of this outrage it must be borne in mind that the Healdton was not in the barred zone, which Germany has arbitrarily drawn about the British Isles, but was in the so-called safety lane that has been left open to give access to Holland. She was passing around Scotland and through the North Sea and was nearing her destination when the cowardly submarine attacked her. As her cargo was consigned to a neutral country, and as the German Admiralty has been voluble in its protestations of the perfect safety of vessels following the course laid down for them, the officers of the Healdton had no reason to suspect any lurking danger. Suddenly, without warning, she was struck by two torpedoes from an unseen enemy. The inflammable nature of her cargo made certain the destruction aimed at, and a considerable part of the crew was killed.

If it were not already morally assured that when Congress meets in special session on April 2 war will be declared against Germany for previous offenses, the American people would be aflame with anger against this latest evidence of the peculiar workings of Teutonic Kultur. As it is another item has been added to the long list of crimes that will be set forth in the indictment to be brought against the Kaiser's Government for its brutal disregard of the rights of neutral nations. Small countries like Holland, Denmark, Sweden and Norway have to submit to these outrages because of their weakness as compared with the strength of the supremely arrogant neighbor, but there is no reason why the United States should meekly submit to such insults. Under international law, even as recognized by Germany, the Healdton had as much right to be where she was sunk as she would have had in starting on her voyage down the Delaware River. The crime of sinking her and taking American lives was flagrant and calls for vengeance.

Teutonic brutality, combined with a very high degree of stupidity, has made this nation a unit in the determination to assert its rights and also gives us a great moral advantage in the event of war. If hostilities come the national conscience and record will be clear. As much cannot be said for the butchers who delight in sinking unarmed vessels, in killing women and children and inflicting every hardship upon non-combatants.

AFTER THE WAR PROBLEMS.
(Columbus Sunday Dispatch.)

There will be many hard problems to be solved after the war, not only in the belligerent countries, but also in this. But there is not one of them that will not yield before the power of good will and selflessness. There is not one to which the application of the Golden Rule will not serve as a healing balm to a wound. While men fight for an unjust advantage over their fellows, there will be trouble; but wherever and whenever men deal with one another in justice, there will be peace. The great need in this country is that men shall have faith in one another, that there shall be no feeling on the part of one class that another class is trying to exploit it, hamper its life or restrict its happiness; that, on the other hand, all are working together, each for himself and yet each for all. If there is good, there should be a conviction that it will be shared by all; and if there is ill, that it will be borne ungrudgingly by all.

Prosperity should be put upon the same basis as liberty—the right of every man to have all, provided he does not encroach on the similar right of every other man.

In older and familiar phrase, there is need of the square deal.

What They Are Fighting For.
When the German Emperor tells his people they are fighting for existence, he is stating what he knows to be untrue. This is not, has never been, and never will be for Germany a war of existence. It has been from the beginning, and is now, in the minds of those who rule her councils, a war not for national existence, but for world empire. Indeed, it may be said that all those rights and freedoms whose painful acquisition cost the blood of the brave, the rights of the West would be lost to Germany, as to the world, by a German victory. But will be secured for Germany with the rest of the world by German defeat.—From Winston Spencer Churchill's "Why Germany Must Lose," in Collier's for March 24.

Cool, Indeed!
At the burning of a barn in Steele recently, our superintendent displayed some nerve and pluck. Miss Sherman did not wait for the men to get there but hastened to the barn without stopping to dress and in bare feet united the horses before they had become unmanageable, thus saving them with little trouble. There is not a man, we venture to say, in all Steele but would stop to put on his pants before venturing out into the crisp air, but she did not, her whole thought being of the dumb animals imperiled, and it was, indeed, a nerve and cool-headed performance.—Tuttle, N. D. Star.

Economic Conditions.
Economic conditions in this country probably never were worse than they are today. Congestion on the railroads has reached a point where necessary supplies like food and coal cannot be distributed to points where they are needed. Steadily rising prices of the necessities of life are causing great suffering among the poor, and as well among those who in normal times find their incomes sufficient for all the comforts and some of the luxuries. The one thing that would be the improvement of the railroad situation. That can only be brought about by public and private cooperation with the railroads in the direction of unloading and moving cars. But the reaction of the war is the great underlying cause of our troubles.—Rochester Democrat and Chronicle.

The Flag and the Faith.
Brotherhood in its profoundest and widest meaning is amplified in the church and the religion that it sets forth. The fatherhood of God is the basic fact of the creeds of the world's moving mighty in the direction of the realization of the blessings and the brotherhood of man as set forth in the tenets of religion and the fatherland of God that is the most exalted conception of faith. Mightily is the world moving toward realization of independence, that were woven into the fiber of the American republic. As soon would the sun sink behind an impenetrable and lasting veil as that the light that flamed in the birth of the American republic should grow dim. To the world, light is the assurance of the prevalence of the ideals of justice and liberty for the peoples of the earth. It is the sign of democracy as opposed to autocracy, of national faith in world progress as opposed to the tenets of a socialistic regime.—Baltimore American.

A Message To The People of Newark

We are all interested in the growth and prosperity of Newark.

To assure the continued development of our city, every individual as well as every business enterprise should put a shoulder to the wheel.

Our industries are what make our city great. But industries cannot expand without capital, which in most cases must be drawn from the accumulated savings of many people.

Every man or woman who opens an account with this bank is not only helping himself or herself by taking advantage of the efficient service we offer in the handling of commercial and savings accounts, but is also helping to develop the industries of Newark.

It is part of our service to bring capital and legitimate uses for it together, so that it will work to the best advantage for both owner and user.

Every business man should have a strong service giving banking connection. If you wish to make such a connection, consult us.

LITTLE LILLIAN ROMANE FISHER CAN TALK AGAIN

This attractive little lady is the two year old daughter of Mr. and Mrs. O. M. Fisher, 238 North St. Harrisburg, Pa. Last winter she had an attack of measles, together with a very severe cold. Just at that time Dr. S. J. Wilhelm presented Mr. Fisher with a jar of the Southern "outside" treatment—Vick's VapoRub Salve, which was just then being introduced in Harrisburg, and requested that he give this preparation a thorough trial. Mr. Fisher writes—

20 ADDITIONAL GUARD REGIMENTS CALLED BY NATION

Washington, March 26.—Twenty additional complete infantry regiments and five additional separate battalions of national guard troops have been ordered into the federal service for the protection of property in the event of possible internal disorders.

The war department's statement follows:

"Following National Guard organizations have been called into the federal service for general purposes, interference with the postal, commercial and military channels and instrumentalities."

"Illinois, First, Fifth and Sixth regiments infantry; Indiana, Second regiment, infantry; Iowa, First and Third regiments infantry; Michigan, Thirty-third regiment infantry; Wisconsin, Third regiment infantry; Nebraska, Fourth regiment infantry; Minnesota, First regiment infantry; South Dakota, Third battalion of Fourth regiment infantry; North Dakota, Second battalion of First regiment infantry; Colorado, First and Second separate battalions of First regiment infantry; Wyoming, Second separate battalion of First regiment infantry; Ohio, Third and Sixth regiments infantry; Washington, Second regiment infantry; Oregon, Third regiment infantry; California, Second, Fifth and Seventh regiments infantry; Idaho, Second regiment infantry; Montana, Second regiment infantry."

"Of these organizations the following are already in the federal service and in consequence will not be mustered out as originally planned."

"Michigan Thirty-third infantry, Colorado First and Second Separate battalions, Ohio, Third and Sixth regiments, Idaho, Second regiment, Montana, Second regiment infantry."

"It is requested that no details of locality be carried in the press with regard to further distribution of these troops unless given out by the war department."

The new order makes a total of 32 National Guard infantry regiments called into the federal service for police purposes, supplemented by 30 separate battalions and several detached companies.

They will be assigned to posts in connection with their police work by the commanders of the military departments acting under instructions from the war department.

BURGLAR SHOTS MAN DEFENDING HIS WIFE

Philadelphia, March 26.—Harold Ellis Yarnall, secretary and treasurer of the Midland Valley railroad and prominent socially, died early today from a bullet wound sustained while defending his wife from the attack of a negro burglar at their home here last night.

Mr. Yarnall was rushed to a hospital immediately after he was shot and an operation was performed about midnight. He died three hours later.

Mr. Yarnall had just returned from a day at their country home at Media when Mrs. Yarnall encountered the burglar in her room. She grappled with him and at the same time screamed for help. Mr. Yarnall, who was in his bath, rushed to his wife's assistance and was shot.

Mrs. Edward Mummy was removed from the City Hospital Sunday in the LaFoy ambulance to her home, 48 LeFoy street.

Mr. O. S. Sebring was removed in the Barler ambulance yesterday afternoon from 160 James street to No. 8 Monroe street.

Mrs. Harry Mackenzie was removed from the City Hospital Sunday afternoon in the Bradley ambulance to her home, 343 North Fourth street.

Mrs. Macente is rapidly convalescing from her recent illness.

Society

Brumbach-Hulshizer. Marked by the utmost simplicity, the wedding of Miss Josephine Hulshizer, and Mr. Ralph Brumbach was solemnized at 10 o'clock Monday morning at the home of the clergyman, Rev. G. Bohon Schmitt, pastor of St. Paul's Lutheran church.

They were unattended and the bride wore a tailored suit of navy blue, with a black straw hat. Her costume was completed by beautiful red fox furs and a corsage bouquet of violets.

Following the ring ceremony Mr. and Mrs. Brumbach left at once for a wedding trip east.

On their return they will be at home at 12 Hull Court, the at home cards reading May 1.

The bride is the daughter of Mr. William Hulshizer of East Church street, and until a few months ago she was a student at Oxford college.

Mr. Brumbach's home is in Fredericktown, and he attended school at Oberlin University. Mr. Brumbach has been located in Newark for several years, having opened the Brumbach & Company's commission business here.

Mr. and Mrs. Edward Drumm entertained with a six o'clock dinner Sunday evening at their home in Third street in honor of Miss Clara Wilson of Columbus. Covers were laid for the following: Miss Clara Wilson, Miss Florence Wilkin, Mr. Robert Wilkin of Denison University, Mr. James Markle, Mr. and Mrs. Sam Westbrooke and son Carl, Master Edward Drumm.

Mrs. Clifford Campbell entertained the members of her club on the club day at her home in West Main street with a linen shower honoring Miss Celia Bush, whose marriage to Mr. Porter Fouts will take place soon.

Miss Bush received many pretty gifts and a two-course luncheon was served the following members: Mrs. Fred Hawkins, Mrs. Eugene Jackson, Miss Celia Bush, Neva Baumgarten, Ione Coke, Nina Hawkins, Mabel Baumgarten, Irene Cook, Emma Armentrout, and Isabel Somers.

The members of the Review club were entertained on Saturday afternoon at the home of Mrs. Clifford Sturgeon in North Fifth street and the following program was given:

Natural Resources of the Island—Mrs. O. W. Crane. Island Sketches—Mrs. U. O. Stevens.

A pleasant surprise was given Miss Goldie Allen at her home on Tuesday evening by a number of her friends. It was a miscellaneous shower in honor of her miscellaneous marriage to Mr. Charles Cochran.

Miss Allen received many beautiful presents. The evening was pleasantly spent, the main feature being a mock marriage. The luncheon was served in indoor picnic.

These present were: Misses Goldie Allen, Kathryn Fenewiegle, Ruth Van Atta, Maude Moates, Mary Courson, Indus Vance, Helen Conway, Alma Kennedy, Mary Davis, Mabel Davis, Regina Billingsley, Emma Lloyd, Frances White, Della Adams, Stella Adams, Hazel Muhlenberg, Mrs. S. Courson, Mrs. Geo. Burton, Mrs. S. Grant and daughter, Eleanor, Mrs. A. Lewis and Mrs. D. Allen.

The wedding will take place in the near future.

Emerick-Baughman.

Rev. L. C. Emerick, pastor of the North-Side Church of Christ in Stevens street, was united in marriage Saturday to Miss Pearl Baughman, a school teacher, the ceremony being performed by Rev. Hugh West of the New Church of Christ, Zanesville.

Mrs. Emerick is the daughter of Mr. and Mrs. Cary Baughman, and is now teaching school in this county. Mr. Emerick became pastor of the North-Side church about six months ago, and though the young minister in Newark, already has met with great success in his work.

Granville

[Special to The Advocate]

Granville, March 26.—Yesterday was the first sunny spring-like Sunday of the year, and people were out by the hundreds. One could hardly imagine that there were as many automobiles in Ohio as actual, many automobiles in Ohio yesterday.

A steady procession, beginning early in the morning, and not finishing until late in the evening, can number a good many cars. A few more days of this description and those back-yard gardens will begin their mission to the H. C. of L.

The services in the Presbyterian church Sunday evening at 7 o'clock, under the auspices of the Men's Class, were unusually interesting. The address by attorney Williams of Columbus in which the trial of Christ before Pilate was given, a constructed and interesting. The choir consisted of twenty-four men, who furnished excellent music.

Reta Theda Pi had as guests for Sunday dinner at Curtis hall, Mrs. Palmer and daughter Lora of Zanesville, Miss Pauline Sperry of Toledo, Miss Lily Belle Sefton, and Miss Florence Chubbuck of Shepards college, Nelson Rupp, Gloyd Stankard, and "Monk" Willis also were visitors during the week.

Every one who has worked for the A. P. F. W. this winter will certainly be interested in attending the semi-annual meeting and luncheon tomorrow. The reports are said to be surprising.

Miss Ruth McKibben of Cleveland has arrived in Granville where she will spend the spring vacation at the home of her father, Dr. G. F. McKibben.

Miss Mildred Brelsford will be in Urbana today and tomorrow assisting in the re-dedication services of the Baptist church, where he was pastor from 1900 to 1903. The pastor's instruction class will be omitted Tuesday afternoon.

Mrs. Henry Ashton, her daughter Grace, and little Bertrice James of Newark, were guests of Mrs. Harriett Kent, and her daughter, Miss Clara Ashton on Sunday.

A good crowd was in attendance at the concert of the Shepards College Glee club on Saturday evening in Recital Hall. Over thirty voices, made up the chorus, and the concert was up to the high standard set by many previous performances. The principal contribution was the cantata, "The Lady of Shallot," and several brief selections varied the program agreeably. Helen Ray was soloist and received warm commendation for her work.

Dr. H. R. Handley, who spent the week-end in St. Louis attending meetings of College Associations, has returned to his class room.

Albert Oakleaf of Columbus was called to Newark by the illness of his father, N. Oakleaf of Union street, who is suffering with pneumonia.

John Jayne of Pittsburgh is a business visitor in the city today.

E. R. Coffin of Rochester, N. Y., is spending the day in Newark.

Edward Steele of Massillon is the guest of friends in the city.

Flay Shirer who travels out of Cleveland is spending a few days at his home here while enroute from a business trip south to the Gulf coast.

Miss Beatrice Costello, who has been spending the past week at her home in North Fourth street, returned to Charleston, W. Va., today.

Messrs. Neil Floyd and Raymond Long were visitors in Zanesville on Sunday.

John McDermott of Chicago spent Sunday at the home of his mother in Newark.

Mr. and Mrs. J. D. Keeley were visitors in Zanesville on Sunday.

The Courts

The grand jury for the April term of court will report Monday, April 2, and the petit jury on week later.

The business of the common pleas court in Licking county has increased in the last few years to the extent that it is impossible for one judge to take care of it and keep the docket well cleared.

County Clerk Bert O. Horton has compiled figures which show that at the beginning of January term of court were 631 cases pending. The January term is the shortest of the year but notwithstanding that fact 159 cases were disposed of, which speaks well of the ability of Judge Thomas B. Fulton and his excellent corps of efficient court officers and the members of the local bar.

During the January term until the present time 145 new cases were filed, leaving a total of 617 cases on the docket.

Marriage Licenses. Carl Lester Wheeler, a chauffeur, and Miss Eva Barr, both of this city, Rev. Benj. D. Barr to officiate.

OHIO SOLONS PASSED APPROPRIATIONS FOR YEAR

[Associated Press Telegram] Columbus, March 26.—The Ohio general assembly was practically ready to adjourn sine die late today.

The Republican minority in the house which prevented final adjournment Saturday night by refusing to vote to suspend the rules on the passage of the general appropriation bill, today allowed the rules to be suspended and the biennial appropriation bill was passed by a vote of 69 to 46.

The sundry appropriation bill which carries appropriations for salaries of members of the general assembly was under consideration in the house late today.

Before the house passed the general appropriation bill, Republican Floor Leader Reighard criticized provisions for salary increases in several departments, the creating of a securities department which he said required an additional \$17,000 a year, also the creation of the position of chairman of the bureau of markets in the agricultural department. He said the secretary of agriculture should look after this work.

The appropriation of \$10,000 to enlarge the Tuscarawas canal feeder was also criticized by him.

Following the passage of the appropriation bill the house by a vote of 75 to 32 reconsidered and passed the Chapman bill increasing salaries of members of the state industrial commission from \$4,000 to \$5,000 a year. This bill was defeated once.

Republican Floor Leader Reighard vigorously opposed the bill. The salaries were reduced from \$5,000 to \$4,000 by the Willis administration two years ago.

Fishermen Busy.
Scores of fishermen were at Buck-
eye Lake yesterday, taking advan-
tage of the ideal weather which pre-
vailed. It is said that a large num-
ber of Lake Eries were caught as
well as quite a few sunfish. Next
month should be the banner one for
fish records as the lake is said to
be full of members of the finny
tribe.

Baby Alligator Dies.
James Murphy, the West Main

of his baby alligator sent him a
couple of weeks ago from Florida
by E. T. Duffield. The alligator had
become quite a pet and followed Mr.
Murphy around the house when
taken from its tank and placed upon
the floor. It was given a first class
alligator funeral by James Fallon,
one of the accommodating clerks at
the grocery.

NONE TOO SOON FORTIFY YOUR BODY FOR SPRING

With the Season's Change Near at
Hand Urgent Reasons Arise
for Taking Nerv-Worth.

It is not in the least necessary
for the reader to carry into the com-
ing spring those burdensome ills of
the flesh which the long and trying
winter has loaded upon the system.
In Nerv-Worth the tonic and
Nerv-Worth, the new laxative tablets
winter-weakened mortals have a
combination unequalled in the whole
world in its power, first to cleanse
the system and then to whet the ap-
petite, aid digestion, add flesh,
rouse the liver, regulate the bowels,
banish sick and nervous headaches,
and other aches and pains, repair
disordered nerves and build up run-
down systems.

Don't wait for the season's actual
change. Summon Nerv-Worth—
Tonic and Tablets—to your aid now.
An ounce of prevention is worth a
pound of cure. Nip the spring chills
and fevers and varied weaknesses in
the bud. Spike the guns of disease.
Make your vital organs so strong
that disease will be powerless to
drive them from their trenches of
health.

Ask at the T. J. Evans drug store
for these two Nerv-Worths. They
have built up thousands. They will
build up YOU.

C. S. Howard sells Nerv-Worth at
Johnstown; Hebron Drug Store at
Hebron; Utica Drug Store at Utica;

MAYOR BIGBEE HAS BUSY SESSION IN POLICE COURT

Mayor Bigbee's police court was
a busy place this morning and six
drunks faced his honor and were
given the usual assessment, \$5 and
the costs, four being sent to jail,
one Dick Athey to the city prison
and one had the jail sentence sus-
pended pending good behavior.

One fellow picked up was charged
with disorderly conduct and in-
toxication and was given \$5 and
costs on each charge. A sentence
which he was given a year ago, was
also ordered to be executed, which
means that he will have to dig up
a good-sized bank roll or spend some
time in the county jail.

Archie Fisher, a young man of 25
years of age, was given \$5 and costs
for being drunk and an additional
\$25 and the costs for resisting an
officer, in default of which he was
sent to the county jail. Isaac
Baughman, arrested on an affidavit
of his wife, charged with assaulting
her, was given a fine of \$10 and the
costs. He also was sent to board
with Sheriff Chas. Swank.

RUNAWAY TEAM WRECKS BUGGY ON PUBLIC SQUARE

A thrilling runaway was witnessed
on Thursday second street this morning
when a team of big draft horses be-
longing to Charles Keller of north
of the city, and driven by Charles
Darkness, took fright at a team ap-
proaching from the east, and dash-
ed through the public square, the
heavy farm wagon colliding with a
buggy belonging to Reese Jones, in
front of the Mazer store, tearing off
the rear wheels.

One of the horses fell in front of
the J. M. Mitchell store, just as the
team was making for the sidewalk.
If it had not been for that fact a
great deal of damage might have
resulted and some probably might
have been hurt. None of the horses
were injured and the wagon was not
damaged in the least. The driver
repaired the harness which had been
broken and drove away.

FARM BUREAU HAS APPLIED FOR AGENT; HAS 460 MEMBERS

The directors of the Licking
County Farm Bureau Association
met Saturday afternoon in Cham-
ber of Commerce headquarters and
reported 120 new members, making
a total of 460, twenty-nine more
than required to obtain federal and
state aid in providing an agricultural
agent for Licking county.

President W. C. Hall presided and
the reports were made to the secre-
tary-treasurer, O. A. Brooks, of Alex-
andria. The meeting was an enthu-
siastic one and the directors declared
that it will not be long until the
membership reaches 600 or more.
They are determined to make it a
thousand.

J. P. Lamb of Madison township
and A. B. Crawford of Newark
township were appointed on a com-
mittee to wait on the commissioners
and bring them before the associa-
tion. They came and were informed
that the association was ready to
make application to M. O. Johnson
state leader of farm agents at O. S.
U. to submit candidates from whom
the Licking county farm agent will
be selected. Last fall Commissioners
Drum, Orr and Geiger pledged the
agricultural bureau of the Cham-
ber of Commerce that if the farmers
desired such an agent they would
provide the \$1500 appropriation nec-
essary for his yearly expenses and
include the amount in the June levy.
They were very much gratified over
the strength of the new farm bureau
and the great interest being taken
in it by the agriculturalists. They
repeated their pledge and said that
as soon as the money was available
it would be placed in the hands of
the state university to carry on the
work. The farm agent's salary is
paid by the federal government and
from the state fund.

Manager Mosser of the Chamber
of Commerce congratulated the as-
sociation on its growth. This is the
first big piece of constructive work
in which the Chamber of Commerce
engaged. Many hard battles have
been fought but the men on the job
stuck to it and as a result they have
won out. It is a big victory for the
people of Licking county and the
dividends will pay hundreds of thou-
sands of dollars every year in in-
creased values of farm products.

FRANK SLABAUGH IN LAW PARTNERSHIP WITH B. F. McDONALD

Frank Slabaugh, who served as
sheriff of Licking county, will again
take up the practice of law, and
will be associated with Attorney B.
F. McDonald, their offices being lo-
cated in the Carroll building, where
Mr. McDonald has been for several
years.

Mr. Slabaugh is well known in the
county, having practiced law here,
with offices in Hebron, and just be-
fore his election as sheriff he was
located in Columbus. The new firm
will be known as McDonald and Sla-
baugh and the partnership will be
effective April 1.

TANLAC WORTH \$1,000 TO HER

"I FEEL LIKE MY OLD SELF
AGAIN," SAYS NEWARK
WOMAN

GETS RESTFUL SLEEP NOW

"I wouldn't take a thousand dol-
lars for what Tanlac has done for
me," said Mrs. Lillian Catabe, 389
E. Washington street, Newark, in
telling what Tanlac did for her after
she was all run down. "I feel like
my old self again," she continued.
"I sing when I go about my work
now, I feel so good. I do not have
that tired, worn out feeling any
more. I was troubled with my stom-
ach for a long time and I had aches
throughout my body that often
bothered me. I had to be careful
about what I ate or else I would
suffer from it."

"I didn't sleep much more than
about two hours a night and that
was not enough to rest me. When
you can't sleep or eat right you are
sure to get run down and that's
the way it was with me."
"I heard so much about Tanlac
that I decided to try it and I cer-
tainly am thankful I did. I can now
eat what I please, without having
any trouble and I sleep eight hours
every night. Tanlac has built me up
and I am gaining weight again. I
don't have those aches through my
body any more and I feel better all
around. I know it will do as much
for anyone else who is troubled like
I was if they give it a fair trial."

If you are not feeling right get
Tanlac today at the W. A. Erman
original cut-rate drug store. Don't
put it off, as delay in health matters
is dangerous.
Tanlac can be had from the fol-
lowing: Alexandria, C. M. Gilmore;
Pataskala, J. R. Strine; Greenville,
W. P. Ullman. (Adv.)

MERCHANTS PLEDGE TO AID CITY DEPARTMENT TO KEEP STREETS CLEAN

"A clean downtown business dis-
trict and the restoration of street
rubbish cans," is to be the slogan of
the business men during the clean
city campaign, April 2-7. During
that period the mercantile sections
will be cleaned up and a determined
effort made to keep it that way for
365 days in the year.

Public Service Director Christian
has assured the Chamber of Com-
merce that his department will do its
share in keeping Newark clean pro-
vided the business men do their part.
"Carelessness of merchants and
business men is greatly responsible
for much of the litter on the streets,"
declared the public service director
today. "A careless public is respon-
sible for the most of the rest. The
street department will give much
better service with the money avail-
able if everyone will do his or her
best to keep the streets clean after
the department has done its work."

In a few days committees will
visit the business men and ask them
to sign the following pledge:
"At the request of the mercantile
and civic bureaus and the fire pre-
vention committee of the Chamber
of Commerce, we, the undersigned
merchants and business men, agree
not to permit our employees to sweep
refuse and rubbish from our estab-
lishments onto the pavement or from
the pavement to the streets. We also
agree to co-operate with the city au-
thorities in fire prevention work by
keeping our business places as free
from inflammable material as pos-
sible. We are vitally interested in
a more sanitary, safer and beautiful
city and cheerfully join in this co-
operative movement."

Public Service Director Christian
says that if the above pledge is car-
ried out he will guarantee that New-
ark's business streets will hereafter
be presentable on Sundays. He says
merchants are accustomed to sweep-
ing the contents of their stores and
the pavements into the gutters after
his workers have cleaned up late
Saturday night. He asks united help
to abolish this wasteful and sense-
less practice.

RUSSIAN TROOPS PLEDGE LOYALTY TO GOVERNMENT

London, March 26.—A Reuter
dispatch from Petrograd says there
is an excellent sign in the fact that
the dispatches which are beginning
to arrive from the trenches, from
the deputations sent there in con-
nection with the revolutionary move-
ment, are full of military order and
assurances that the country may rely
upon its defenders "to conquer the
foreign foe, as internal enemies have
already been conquered."

Grand Duke Nicholas Nicholovitch
has asked permission to reside at
Livadia.

Between 3000 and 4000 arrests
have been made in Petrograd since
the first day of the revolution, the
dispatch adds, among the latest
prisoners being the wife of former
War Minister Soukhomlinoff.

An eight-hour day is being intro-
duced in all the factories in Petro-
grad and a central board of arbitra-
tion has been appointed to settle
trade disputes.

CITY PEOPLE ARE URGED TO PLANT SPRING GARDENS

A statement urging that as a patriotic duty city residents transform their yards into gardens and farmers to diversify their crops so as to make each section self-sustaining, was issued at Washington Saturday night by Carl Vrooman, assistant secretary of agriculture.

The great need in war time, Mr. Vrooman said, would be a surplus of wheat with which the nation could feed the allies. He also declared the acreage of soy beans and cow peas should be increased to augment the resources for protein which in time of emergency could take the place of meat for human consumption. Two or three crops of some sort should be raised during the coming summer, he said, on every vacant square foot in the cities.

"The department is urging each section of the country," says the statement, "to become as nearly as practicable agriculturally independent. This is a good policy in time of peace and would be vitally important policy in time of war, when our transportation systems necessarily would be chiefly occupied with the transportation of soldiers and war supplies.

"In view of the apparent worldwide wheat shortage and present prospective high prices, in those parts of the country where spring wheat at normal prices is as profitable or almost as profitable as oats, farmers would do well to seed a part at least of their normal oats acreage to spring wheat.

It is the patriotic duty of every city boy, girl and woman who can, to transform his or her yard, or some nearby vacant lot, into a garden, each square foot of which will grow two or possibly three crops during the coming summer. Moreover, the average small farmer and his family owes it to their country, as well as to themselves, to raise at least 100 chickens, to keep one cow or more, at least enough hogs for home consumption, and perhaps a little bunch of sheep.

"The cheapest most profitable and quickest known means of increasing general production is by the use of lime. If every farmer in the country would apply from two to four tons of crushed limestone per acre to all his sour land, our national supply of breadstuffs this year would be augmented by a surprising number of million bushels."

A small amount of Kreamol shampoo will remove the dandruff, dust and dirt from the scalp. Try it today. Evans' Drug Store, Newark, and Ullman's Drug Store, Granville, Ohio. 2-14-mwf-tf

FOUR ESCAPE AS CAR ROLLS DOWN AN EMBANKMENT

Mr. and Mrs. Marion Huffman and daughter Laura, of 50 Hancock street, and Miss Dorothy Mossbrook of Columbia street, had narrow escape from death or serious injury Sunday afternoon when the Huffman automobile went over an embankment at the approach to the cemetery hill just east of the Vogelmeier brickyard, making a sheer drop of about 18 feet and turning over twice alighting in an upright position.

Mr. Huffman was at the wheel and was descending the hill with the machine when it lost control and it plunged over the embankment. The top was up at the time, and that fact probably was responsible for the fact that there was no one badly hurt. Miss Huffman, in the front seat with her father, jumped from the car. Eyewitnesses to the accident rushed to the scene and assisted in getting the women from the car, which had turned twice alighting in an upright position on the road leading to the brickyard.

Mrs. Huffman was badly bruised and her husband did not have a scratch and kept his hold on the wheel. Miss Mossbrook was scratched slightly and had several bruises over her body. Miss Huffman was also bruised in jumping from the machine. At the place where the car went over the embankment, jagged rocks crop from the ground and there is not a smooth surface along that side of the hill.

The women of the party were taken home in the Bradley ambulance and a score of machines were soon at the scene of the accident. The top of the Huffman machine, a Maxwell, was completely ruined, the windshield broken, the front left wheel demolished and axle broken off and the body scratched and splintered. Ray Baird, Maxwell agent, towed the car in this morning and will repair it.

TONIC FOR GROWING GIRLS

Most growing girls need a tonic, especially during the years when they are growing up most rapidly and when their appetites are most feeble.

A diet of tea and candy will ruin any girl's chances of future happiness. A plentiful and scientifically correct diet might meet all requirements but this is next to impossible. Hence the need for a tonic. Almost every doctor's daughter is given a tonic during her period of rapid growth but because your daughter does not actually break down you do not call a doctor and she gets thin and pale, frets so that she cannot sit still on a chair, eats the wrong things, eats too fast, gets too little out-of-door exercise and perhaps faces St. Vitus' Dance, or a nervous breakdown.

A great responsibility rests on parents and Dr. Williams' Pink Pills are the best and most convenient tonic to aid them in bringing their daughters to healthy and happy womanhood. They supply needed elements to the blood, and enable it to meet the unusual demands upon it and help to lay a foundation for future health.

The price of Dr. Williams' Pink Pills is fifty cents per box. Your own druggist sells them or they will be sent on receipt of price by the Dr. Williams Medicine Co., Schenectady, N. Y.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless fruit laxative, because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-up printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

STATE CONVENTION AT LANCASTER, OHIO

[Special to The Advocate]
Lancaster, O., March 24.—A special paid superintendent to care for the 6900 adult Bible classes in Ohio is assured by advance information coming from the one-day rallies now being conducted over the state preliminary to the Ohio convention of the Organized Adult Bible Class, to be held here March 27-28.

Arthur T. Arnold, State Sunday school superintendent said, "We purpose calling the biggest adult man available in North America to lead the adult forces of 6900 classes in Ohio."

The total attendance at the first five of the one-day rallies, was 5137, the largest number ever in attendance at such meetings. Lancaster bids fair to be swamped with delegates for the State convention, next week.

Y. M. C. A. DIRECTORS TO HEAR REPORTS ON WORK

The board of directors of the Y. M. C. A. has been making plans for sometime to invite the friends of the association together on Monday evening, April 2, to hear reports of the work for the past year. Last June pledges were taken to clear off all the indebtedness of the association. The directors feel that an accounting should be made.

April is the beginning of the new fiscal year of the association and reports of the work and the financial condition of the association can be easily determined. A dinner will be held which will be open to all who wish to attend. An out-of-town speaker will make the address of the evening. This evening is taken with full consent of Dr. Bromley who begins meetings here on April 8.

NEWARK LABOR STANDS SQUARELY BEHIND PRESIDENT

Press dispatches from Toledo, Ohio, recently reported the action of the Toledo Local Machinists, No. 105, in adopting resolutions commending Congressman Isaac R. Sherwood for his stand in opposition to President Wilson and pledging themselves as opposed to the "armed neutrality" plan of the government. Before going farther it may be said that Mr. Sherwood has evidently seen the error of his way for General Sherwood has changed his attitude and now says he is now ready to enlist in the service for defense of his country. The change in Congressman Sherwood's position followed the sinking by German submarines of three more American vessels with loss of American lives a few days ago.

The attention of the Newark Trades Council was called yesterday to the unpatriotic resolutions adopted at Toledo and by unanimous vote the Newark body representing organized labor of this city went on record as upholding the President and denouncing the unpatriotic action of the Toledo men.

The Newark resolution "deplores the unpatriotic action and attempts by a lot of political agitators, and un-American cowards to embarrass the government at this critical period * * * and believes that their threat to call a nation wide strike of machinists should be declared was not the sense of American mechanics."

The Newark Trades assembly went on record as "denouncing the thunderous tones the attempt of the

Toledo union, dominated by traitors to the United States government, to express the thought to the uneducated citizens of our republic that organized labor is against the President and the government." The resolutions direct the officers to memorialize President Gompers requesting for the good of the order that the charter of the Toledo local be revoked and that its un-American action be condemned in the Federalist.

The Newark Assembly's resolution indorses President Gompers' action in tendering support of organized labor to our President and declares in ringing terms that the working men of Newark stand by the President of the United States in his defense of the Stars and Stripes and in defense of the greatest country the world has ever seen.

Before adjourning the Newark Trade Assembly adopted resolutions of sincere sympathy to Mr. Edward H. Everett in the loss of his wife who passed away at Washington, last Tuesday.

MEN'S MEETING HELD AT WEST NEWARK CHURCH

An excellent men's meeting was held at the Neal Avenue M. E. church yesterday afternoon. Rev. A. B. Cox started the meeting with a praise service of prayer and song, which lasted thirty minutes. After this Chairman D. F. Stevens took charge of the meeting and introduced Dr. L. C. Sparks who spoke on the general theme of team work. He drew an analogy between a spirited football game and the coming campaign, and showed how all men interested in better life for Newark should put forth their best efforts to help convert men while the Bromley meetings are on.
